BARKING UP THE WRONG TREE

Several neighbors have registered complaints with the Association Board about barking dogs in the neighborhood, especially during the evening hours.

We love dogs (and cats too) in Foxboro. All responsible pet owners are encouraged to show courtesy to your neighbors and control your dog's barking.

When walking your pet, please be kind and "clean up" after your pooch too!

Foxboro is a great, friendly, and peaceful neighborhood. All of us should do our best to keep it that way.

Neighbors who have consistent issues with barking dogs can call Metro Animal Services at 363-6609 or go to http://www.louisvilleky.gov/AnimalServices/animal_ordinances/animal_ordinance_faq.htm

PRESIDENT'S LETTER

Hi Neighbors!

Things are pretty quiet in Foxboro! Spring is around the corner and I'm sure we all look forward to warmer weather!

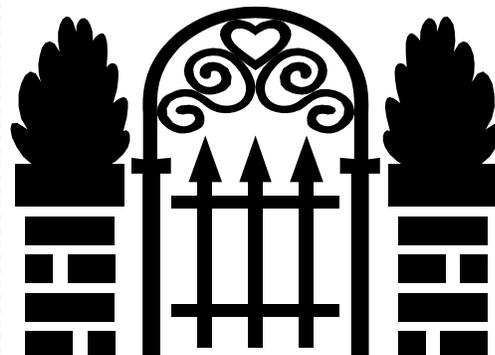

With that warm weather comes some clean-up in our neighborhood and we are planning a SPRING clean-up day. If you would like to participate or have suggestions for other services, send us an email to info@myfoxboro.com.

We are also planning a picnic later this Summer at Foxboro Commons. Stay tuned for more details.

While our volunteer donations are ahead this year compared to last year (which is GREAT!) we still need \$4000 to meet our goal. Our new PayPal option is a fast and easy way to pay your 2013 dues. Simply go to the Foxboro website at www.myfoxboro.com and click the "Pay Your Dues" tab.

Stay in touch and watch the website for updates.

ASSOCIATION TO HAVE ONLY TWO FORMAL MEETINGS PER YEAR

At the February meeting, an amendment to the by-laws to reduce the number of mandatory meetings from 6 to 2 per year was approved. More than 80% of those voting approved the amendment to meet once in January to approve the budget and once in November to elect a new board.

The amendment does allow for special meetings to be called if necessary during the year. Neighbors who want to share issues or concerns with the board members can do so by sending an e-mail to info@myfoxboro.com.

DUES UPDATE: We are currently \$4000 away from our fundraising goal of \$8350 for 2013. If you have not already paid dues, PLEASE help by sending in your dues TODAY!

SAFETY TIPS

Chief Jeffrey J. Riddle

Exit Drills In the Home (EDITH)

Did you know that it is a State law that all School Systems must have fire drills? The schools conduct fire drills to ensure that every student knows a primary and a secondary route to exit the building. After exiting the building, the teachers make sure that all students are accounted for.

The same should apply to our homes. On average, we spend more time there than anyplace else and, although we feel more comfortable at home, practicing fire or "exit drills" is just as important at school or work.

Most people are creatures of habit; if you enter and exit your home through the front door on most occasions, this is where you will go during an emergency.

Always plan two ways out of every structure. For example, in your house, the front and rear doors are the primary entry and exit points. If you are trapped by fire in your bedroom, you always have the window. This is why every bedroom is required to have a window that opens. Once you have exited your home, or any structure, have a specific meeting place to account for everyone. As always, once you are out, stay out! Never go back into a house that is on fire or has smoke in it. No matter where you are, whether it's a restaurant, night club, or banquet hall, always make a mental note of exits.

I always look for the closest exits when I am out. Remember, people will almost always try to exit the way they came in, even if there is a closer exit.
