

## 2020 Foxboro Dues Collection

The annual Neighborhood dues for Foxboro are due January 1st of each year. Currently, dues are \$60.00 and are very important to the safety and upkeep of our neighborhood. Your dues are the sole source of funds for yearly expenses throughout the neighborhood, including paying for the streetlights (this is a cost that comes 100% from dues, and last year 85% of dues collected were used just to pay LG&E). We also use a very small amount of our dues to pay for maintenance and beautification of the neighborhood islands and common areas, neighborhood communications, and to help fund the few social events we offer each year. With greater participation from our neighbors, we can do even more to enhance the character and appeal of our community, so please do your part!

The Annual Neighborhood Dues for Foxboro are only \$60.00 which is well below the dues in similar neighborhoods in our area. Any extra you contribute will help us continue to maintain and improve the appearance and safety of our neighborhood.

### Contribution Levels\*:

## WINTER IN THE BLUEGRASS

FEBRUARY 2020

While we may have been out enjoying spring-like weather over winter in Louisville, it is still flu season and we all need to be cautious. Some Quick Tips to help you avoid the flu:

- Avoid touching your eyes, nose, mouth
  - Sneeze/cough into your elbow
  - Wash your hands frequently
- When you are sick, stay at home (we don't want your germs!)
  - Get the Flu Vaccine
- Avoid contact with people you know are ill

Good luck, out there!

Need to report a street light outage? Call LG&E Electric Trouble Hotline at 502-589-3500 or go to the LGE-KU.com website. You will need to report the address by the light and tie a rope or ribbon around the pole to indicate which one is not working so they can correctly identify it during the daytime.

# Winter Home MAINTENANCE CHECKLIST

## Windows

Check your windows for air leaks. Seal leaks with caulk or weatherstripping to keep out cold air.

## Faucets

Turn off the water to any exterior faucets to prevent the pipes from freezing or bursting.

## Gutters

Clean and repair your gutters. Standing water can lead to icicles and ice dams forming in winter.

## Furnance

Check your furnace and heaters are running smoothly. Change the filter in your furnance regularly.

## Roof

Winter storms can cause serious roof damage. Check for leaks or missing and damaged shingles.

## Chimney

Inspect and clean your chimney and fireplace to prevent fires during the winter.
