## 2019 Dues Collections

We are still in need of your dues payment to hit our fundraising goal for 2019. We are still short \$2000 to breakeven for the year.

What do we do with your dues? The majority of our funding goes to power our street lights. The remainder of our funds go to maintaining the community greenspaces (entry islands and Foxboro Commons, aka "the old pool area"), liability insurance for those spaces, welcoming bags to new neighbors and a few small activities for families throughout the year.

If you have already made your 2019 Annual Dues thank you for making a difference in our neighborhood!

2019 Dues are \$55, but we will accept anything you can give.

## Keep Safety a Priority During Fall Chores

There's still plenty of outdoor work to get done before the colder weather sets in. No matter what project you're tackling, remember to keep safety at the top of the list.

- **Fall planting** – Before digging a hole for that new bush, shrub or tree, remember to contact 811 at least two days ahead of time. Dial 8-1-1 or submit a request online at [811now.com](http://811now.com) to have underground wires, cables or pipelines marked by member utilities, including us. Contacting 811 is the law, is free and could save you from a costly repair bill or a serious injury.
- **Using a ladder** – A common fall chore is cleaning out the gutters, which usually requires using a ladder. Remember to always carry your ladder parallel to the ground and make sure you are clear of power lines and trees that may be touching any power lines before you stand it up.
- **Leaf raking** – Dry leaves and ignition sources do not mix. Keep leaves clear of any outdoor lighting, power outlets and power cords.
- **Checking the chimney** – Consider hiring a professional chimney sweep to ensure your chimney is ready for duty this winter.
